INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner for Patents
Washington DC 20231

Sir:

Further to the (two-part) Electronic Information Disclosure Statement filed yesterday in connection with the above application, the applicant is filing this paper Information Disclosure Statement to make of record foreign patents and applications and non-patent references. The references which it is desired to make of record are listed on the accompanying Form PTO-1449 and copies are enclosed.

All of the references filed herewith are in the English language so that, pursuant to 37 CFR 1.98(a)(3), no statement of the relevance of each reference is required.

Certain of the references filed herewith and on the Electronic Information Disclosure Statement were drawn to applicants' attention in the International Search Report issued in connection with the corresponding International Application PCT/US01/46557; a copy of this International Search Report is being filed herewith. However, applicants are filing US equivalents where possible, rather than the specific reference in the ISR; specifically, US 2001/0034249 is being supplied instead of EP 860,969, and US 6,327,482 instead of GB 2,337,891, as indicated on the last page of the ISR.
